Looking for Future Partners for kein Abseits!

For more than 15 years, kein Abseits! e.V. has created meaningful connections, provided safe spaces, and opened up real opportunities for children, young people and families in Berlin.

What began as a small volunteer initiative has grown into a vital part of the city's social infrastructure for young people—especially for those who often have less access to support, guidance and opportunities.

Through one-to-one mentoring, mobile and community-based sport and group activities, youth volunteering and civic education, we make a tangible difference every day—strengthening social cohesion and enabling participation.

Reliable. Local. Present.

- With a team of 30 staff members and 150 active volunteers, we currently run 20 projects based on our established social impact model.
- Every week we run activities at three permanent locations as well as at schools, refugee accommodation centres and public spaces across the city through four mobile outreach units.
- We work primarily in neighbourhoods where up to 60% of children are affected by poverty.

Publicly recognised

- The German Federal Cross of Merit
- The Berlin Capital City Award for Integration and Tolerance
- The Berlin Prevention Award
- Recognized award winner of the Federal Agency for Civic Education
- Co-founder and board-level leadership in several professional sector associations
- ...and many more!

Our work is needed: now more than ever.

And yet, the already challenging conditions have become even more difficult: unstable public funding structures and short-term, project-based financing are no longer enough to sustainably fund our work.

If we are unable to secure additional flexible and reliable funding in the coming months, kein Abseits! will no longer be able to continue its work beyond 2027.
